You don't need a **tooth fairy**
to shrink your dental bill!

Tired of waiting for months for an appointment at your local dentist and overpriced invoices? Why not try us at mz-practise in Sankt Augustin /Germany – affordable and accessible.

Situated 15 minutes from Cologne city centre we offer the full range of available dental treatments to British patients. Lufthansa, easyjet and other airlines get you within just one hour to Cologne. We take care of the transfer from and to Cologne International Airport. If you wish, hotel arrangements can be made.

We provide high quality dental care in a pleasant and safe environment.

General Dental Medicine: Check-ups with intraoral or panoramic x-rays, preventative care, dental fillings, root fillings and more.

Laser Supported Periodontics: Laser curettage, gum and periodontal tissue care, preventive procedures, dental fillings, root fillings and more.

Orthodontic Treatment: Correction of tooth irregularities with fixed or removable appliances for children and adults. Sometimes braces are an alternative to prosthetic treatment with crowns and bridges.

Prosthodontics: Implants, first-rate prosthetic solutions, e.g. crown and bridgework, dentures. Wide range of modern materials including computer-processed full porcelain products.

Laser Supported Dental Surgery: Wisdom tooth removal, apicectomy, hemisection and a wide range of other dental surgical procedures.

Aesthetic Dentistry: Teeth bleaching, polishing, removal of pigment, plaque and dental calculus.

All treatments are performed under local anaesthesia. On request, we can also perform the treatment under monitored sedation or general anaesthesia.

We will inform you about and discuss with you the whole range of treatment alternatives to enable you to choose the treatment option best suited to you.
